| DIRECTIVE: JOB CORPS DATA CENTER NOTICE NO. 20-102 |
|---|

FROM: Job Corps Data Center

SUBJECT: State and Local Restrictions Regarding COVID-19

TO: All Operators, All Forest Service

The Office of Job Corps has requested that JCDC post a spreadsheet showing information pertaining to state and local restrictions regarding COVID-19 quarantines. This information is provided to centers and center operators to support, not replace, their ongoing engagement with state and local officials. Centers must continue to directly monitor the information issued by their state and local officials.

State and local orders and guidance are constantly changing. The information provided here may NOT reflect the most recent state and local changes and guidance. Centers must continue to do their own monitoring of state and local changes.

The [spreadsheet](#) is available on Google Docs. The link is also provided in an announcement on the Job Corps Community website Home page.

If you have questions about the spreadsheet or the information contained therein, please contact the TAC at (800) 598-5008, option 5 (Systems).
