National Suicide Prevention Awareness Month

September is designated as National Suicide Prevention Awareness Month, and September 5-11, 2021 was National Suicide Prevention Week. Suicide Prevention Awareness is one of the most important observances for Job Corps’ Mental Health and Wellness Program!

The past year and a half has been especially difficult for our students, so center staff arranged many activities and events to promote Suicide Prevention Awareness Month. Activities included sharing coping tools and goodie bags, organizing art contests and walks, and setting up information tables that were available to students and staff.

**CDC FACTS** — Suicide continues to be the No. 2 cause of death among 15 to 24-year-olds. During 2020, the mental health–related emergency department (ED) visits among adolescents aged 12–17 years increased 31% compared to the previous year. The CDC reports that in May 2020, during the COVID-19 pandemic, ED visits for suspected suicide attempts began to increase among adolescents aged 12–17 years, especially girls. During February 21–March 20, 2021, suspected suicide attempt ED visits were 50.6% higher among girls aged 12–17 years than during the same period in 2019; among boys aged 12–17 years, suspected suicide attempt ED visits increased 3.7%.  

The following resources provide flyers and handouts that can be distributed throughout the year, not just in September!

World Suicide Prevention Day — Gary JCC

Submitted by Hildy Dinkins, PsyD, Center Mental Health Consultant

World Suicide Prevention Day is observed on September 10th. The Gary JCC Mental Health Department held a number of activities for staff and students:

- Staff received purple and teal ribbons to wear on Friday September 10th.
- Students participated in a creative arts contest by writing songs, essays, or poems, or completing an art project with the theme of suicide prevention. Four students were awarded prizes for their outstanding work. Winners were announced on September 10th and also recognized in the Student Business Meeting on September 13th.
- National Suicide Prevention Lifeline wallet cards, temporary tattoos, and other giveaways were distributed to students outside of the cafeteria on September 10th.
- Daily Suicide Prevention resources were distributed, by email, to staff and students for the entire week.

World Suicide Prevention Day — Excelsior Springs JCC

Submitted by Elizabeth Jarski, Center Mental Health Consultant

On September 10th, all students on center received a coping tools bag delivered to their dorm rooms for World Suicide Prevention Day. The bag included a personal crisis plan, mental health apps information, crisis line information, and fun coping tools such as a bendable toy and Play-Doh.

Resources for distance learning students were posted in the Google Classroom. On September 13th, suicide prevention discussions continued with all students and staff.

Suicide Prevention Awareness — Old Dominion JCC

Submitted by Hillary Walsh, Center Mental Health Consultant

Old Dominion Job Corps center set up a table with ribbons, gift bags of treats, suicide prevention wallet cards and brochures on suicide prevention!
Suicide Prevention Awareness Month — Keystone and Red Rock JCCs

Submitted by: Camille Zions, LCSW, Center Mental Health Consultant

The Keystone and Red Rock Job Corps centers coordinated and organized the same activities for both campuses. For this year’s Suicide Prevention Awareness Month the following activities were scheduled for September:

- Staff Trainings—Camille Zions, Keystone CMHC, and Louise Henry, Red Rock CMHA, provided two suicide awareness trainings.
- Gift Bags—Students were given bags containing “I cannot be replaced” silicone bracelets, stress balls, suicide lifeline wallet cards, educational handouts, and candy.
- Campus Suicide Prevention Walk—Students and staff wrote positive messages in remembrance of a loved one lost to suicide, on white luminary bags. At dusk, lights were added to the bags and placed around the quad circle. The walk began with a poem and ended with a bonfire.
- Why We Walk Activity—Daily walks were organized from 4:00 pm-5:00 pm and were coordinated with the HEALS Program to connect the healthy body and mind philosophy. When students completed a certain number of “loops,” they earned a new Job Corps face mask inscribed with an inspirational message.
- Rock Painting—Students and staff painted rocks with an inspirational or supportive message, word, or picture. The rocks were placed around the campus for others to randomly find. The hope is that this activity fostered a sense of community and caring and reminded others that they are not alone.
- Messages of Hope Postcards—Students and staff wrote encouraging messages to other students and staff to support and encourage them.
- Pom Pom Activity—The purpose was to provide a visual of how many people are lost to suicide in the United States each day. Teal pom poms were used to represent each person lost to suicide each day. Before breakfast, the Student Government Association hung pom poms in the cafeteria foyer, then added more before lunch and dinner. The hope was that students would notice the number of pom poms increasing throughout the day. Staff facilitated a discussion at the end of the day.
- KeyRock Video Message—A video set to music was made with suicide awareness messages and pictures of all suicide awareness activities throughout the month. The video was shown to students and staff to close out Suicide Awareness Month.

Suicide Prevention Awareness — Pittsburgh JCC

Submitted by: Callie Scott, Center Mental Health Consultant

The Pittsburgh Job Corps center’s Dr. Scott wanted to raise awareness on suicide prevention by having staff and students show their support by taking a picture holding up five fingers in the “Take 5 to Save Lives” initiative. A flyer was distributed as a reminder of the 5 steps the Job Corps community could take to help prevent suicide.

The 5 steps are:
1. Learn the signs
2. Know how to help
3. Practice self care
4. Reach out
5. Spread the word
Suicide Prevention Day — Pittsburgh JCC

Submitted by: Melissa Baker, NCC, CAADC, LPC, Center Mental Health Consultant

The Pittsburgh Job Corps center observed Suicide Prevention Day (September 10th) by providing students with suicide prevention information including risk factors, protective factors, statistics, and resources such as the National Suicide Prevention Line: 1-800-273-TALK(8255). Students were provided with a variety of coping skills: stress balls, fidget spinners, journals, and a flyer for several mental health apps that offered QR codes for easy access. As we continue to adapt in response to COVID-19, and the transition and isolation that it has forced upon our communities, it is important to encourage our students to explore and connect with healthy coping skills and supports.

Suicide Awareness and Prevention — Sacramento JCC

Submitted by: Daniel Godinez, Center Mental Health Consultant

On September 8th, the Sacramento Job Corps center came together to raise awareness and foster a community of support for individuals impacted by suicide. Wanda Jackson, TEAP Specialist, and Daniel Godinez, CMHC, put on the “Fallen Butterfly Project” which encouraged individuals impacted by suicide to write their own name on a butterfly and post it to a board. Music was played throughout the event including the 2018 song by Logic, “1-800-273-8255”, which is titled after the National Suicide Hotline. Ms. Jackson and Mr. Godinez led students in creating their own stress tools, practicing self-care, and providing information on the impact of suicide and resources to help themselves and others.
Center Happenings — Mental Health

National Minority Mental Health Awareness Month/BIPOC Mental Health Month — Gary JCC

Submitted by Hildy Dinkins, Psy.D., Center Mental Health Consultant

The Gary Job Corps center’s CMHCs (Dr. Dinkins, Ms. Cisneros, and Ms. Byrd) held three National Minority Mental Awareness Month/BIPOC Mental Health Month workshops in July for Residential Counselors, Residential Advisors, and Career Counselors. The training was half didactic and half experiential in nature. The observance was founded to address the unique struggles that underrepresented groups face in regard to mental illness in the United States.

Color Your Emotions — Laredo JCC

Submitted by: Aracely C. Hernandez, LPC-S, LCDC, Center Mental Health Consultant

On August 11th, Aracely Hernandez, CMHC, along with the participation of the Health and Wellness staff organized a mental health activity for the students called “Color your Emotions.” This activity involved creating a tie-dye shirt with the purpose of helping students identify their emotions using the colors on a shirt.

This activity offered a visual approach to identifying internal feelings, which often conflict or are felt on different levels. In this activity, Ms. Hernandez guided students in pairing an emotion with a color and using that amount of color on the shirt. The outcome was a total success!
**International Overdose Awareness Day — Cascades JCC**

*Submitted by: Stacy Roux, SUDP, TEAP Specialist*

Stacy Roux, TEAP Specialist, organized an event for **International Overdose Awareness Day**. A total of 51 students experienced “drunk goggles,” and all students who attended received information, resources, and goodies.

![Mr. Roux with a student wearing drunk goggles.](image1)

![Student Susan assisted at the resource/goodie tables.](image2)

**National Prevention Week — Fort Simcoe JCC**

*Submitted by: Patricia Thomas, Health & Wellness Director*

The Fort Simcoe Job Corps center’s TEAP department had an educational fun day for **National Prevention Week** which included Drug Fact Bingo, volleyball, and pool games.

Drug Fact Bingo solicited many questions before and after the game. A resource table was set up for students to take information as needed. A total of 13 students participated!
Center Happenings — TEAP

Drug & Alcohol Assimilation Day — Gerald R. Ford JCC

Submitted by: Yvette Mabins, BA, CADC-M, TEAP Coordinator

The Gerald R. Ford Job Corps center had a drug and alcohol assimilation day for students. Students were given a chance to experience how depth perception and hand-eye coordination are impacted while under the influence.

Students were challenged to build a tower made out of cups as quickly as possible. During their first attempt, students were “sober,” during their second attempt they were “impaired” by wearing a Drunk Buster Goggle. They were timed during both attempts. The goggle impairs vision and when students wore the gadget they experienced difficulties with hand-eye coordination, confusion, and depth perception. After the exercise a discussion on the dangers of slowed reaction times in real life situations ensued.

National Overdose Awareness Day — Shriver JCC

Submitted by: Chaz Sexton-Diranian, LADC II, TEAP Specialist

On August 31st, for International Overdose Awareness Day, the Shriver Job Corps center conducted a remembrance activity which included the release of black balloons. The remembrance activity was in honor of those who passed away due to a drug overdose. All staff and students were welcome to attend and were given balloons provided by the health and wellness center.
Center Happenings — COVID-19

COVID-19 Vaccine Video Contest — Grafton JCC

Submitted by: Susan Searah, RN, BHSA, Health & Wellness Director

The University of Massachusetts (UMass) Medical Center reached out to the Grafton Job Corps center with an opportunity to help the community. The objective was simple, come up with a meme or a video to help with their COVID-19 Vaccination campaign that would resonate with the local youth and community. A guide was mailed out to all participants which contained specific instructions for the video contest. Mr. Jaymes Peckham, Residential Counseling Supervisor, enlisted AT Manufacturing student Xavier Colon to act in the video. Mr. Peckham and Xavier developed a concept to answer the question; “Why get the vaccine if you can still contract COVID-19?” For Xavier the answer was met with another question “Why wear shoes if you can still step in bubble gum?” Mr. Peckham and Xavier workshopped several ideas and eventually agreed to replace bubble gum with dog poop for a comedic spin. Mr. Peckham and Xavier then chose a date to record the voiceover, video and make edits. On the day of filming, Mr. Peckham made fake dog poop with a mixture of crunchy peanut butter, confectionary powdered sugar and cacao, the final results were both impressive and disgusting. When filming was complete Mr. Peckham edited the video and shared it with Xavier for the actor’s approval which was granted. The video was sent to UMass to be entered into their contest.

In the category for High School Student Video Individual Award — Grafton Job Corps won 1st place!!

Until next time, keep those shoes on and get vaccinated!

COVID-19 Symptom Tracker — Hawaii JCC

Submitted by: Ferna L. Idica, BSN, RN, Health & Wellness Director

Perfect attendance for 6 months! Four students achieved perfect attendance on their COVID Symptom Tracker for 6 months of this year! The center is so proud of these students for their ability to adapt to this “New Normal” of life on center.
Center Happenings — Recreational Activity

Show Your Health Some Love — Pinellas County JCC

Submitted by: Cate Courtney, CAP, TEAP Specialist

The Pinellas County Job Corps center has an initiative called Show Your Health Some Love (May 24—September 30). It is for students and staff and encourages self-care. The following pictures are of a 2k walk that was enjoyed by all who participated.

The following pictures are of the center activities that Cate Courtney, TEAP Specialist, has organized for the students and staff. The pictures show the fun and creativity in getting students involved and moving.

5 Tibetans — Ms. Courtney taught students and staff an ancient exercise routine “5 Tibetans” for improving overall health.

HEALS Four Square Tournament — It’s a great activity because it’s easy to maintain social distancing and is not so rigorous that breathing through a mask becomes difficult. The kids did a great job!
Recreational Activity — Pinellas County JCC

Socially-Distanced Guided Meditation with Dr. Amanda Raitano, CMHC

Athens Dodgeball — Athens Dodgeball is a Mediterranean variation of the standard dodgeball with one ball, a large circle of players and one dodger in the middle of the circle.

Vogue Catwalk — Models had to put together outfits just before walking. Staff members were judges and also dressed up.

Judges were staff members (L to R): Wanda Black, Brenda Leigh & Jay Carter

1st Place: Hunter Westberry

2nd Place: Emilio “Tiko” Campos
Recreational Activities — Pinellas County JCC

**Noodle Tag**

**Zen Coloring** — Participants enjoyed ambient sounds while doing adult coloring sheets.

**Phoenix Obstacle Course** — The Obstacle Course was devised by staff members, Lenora Davis, E & T Clerk, and Nicolette Porter, Attendance Clerk. Staff and students had a great time. Obstacles included: hula hoop, jump rope, baby transport, and hands-full coordination walk.

**Baby in the Air** — Both staff and students participated in this neighborhood favorite from 1960’s.
